

Paper Chain Challenge!

You Will Need:

- 2 sheets of paper (newspaper or magazine pages would also work!)
- Glue or tape
- Scissors
- Thinking cap!

Instructions:

Use the sheets of paper to create the longest paper chain that you possibly can. You will need glue or tape to join the links together. Think about the length and width of your links!

Competition Time!

Set up a competition with somebody else in your house to see who can make the longest chain out of the same amount of resources!

Why not...?

Make things interesting by adding a time limit or only allowing a certain amount of tape!

Some inspiration:
