

Big Apple Tower Challenge!

You Will Need:

- A newspaper
- Sticky tape
- An apple
- Thinking cap!

Instructions:

Using only the newspaper and sticky tape, can you create a tower that is strong enough to support an apple at the top?

Competition Time!

Set up a competition with somebody else in your house to see who can make the tallest tower that still supports an apple.

Why Not...?

- Make things interesting by adding a time limit!
- Mix it up – use something different from an apple like a football!

Some Inspiration:

Note: this is much more fun / challenging if you do NOT show these pictures at the start as the temptation to copy the above designs can be too much for some pupils!
